

Thank you for your interest in partnering with MacroHealth for our staffing needs. Although MacroHealth has internal recruiting staff that successfully fill most positions, we may occasionally seek assistance from Recruiters/Staffing Agencies, and truly value the relationships we build and maintain with trusted staffing partners.

MacroHealth's global recruitment and hiring process is centralized and managed by our Talent Acquisition team in our People Operations Department. If your agency is interested in establishing a relationship with MacroHealth, we require that you work directly with the Talent Acquisition Team. MacroHealth does not accept unsolicited resumes from any source other than directly from candidates. For the protection of all parties involved in the recruiting process, resumes will only be accepted from Recruiters/Staffing Agencies if a signed staffing agreement is in place at the inception of the recruiting effort and authorized for a specified position. Unsolicited resumes sent to MacroHealth from Recruiters/Staffing Agencies do not constitute any type of relationship between the Recruiter and MacroHealth and do not obligate MacroHealth to pay fees if we hire from those resumes.

Recruiters/Staffing Agencies interested in establishing a relationship with MacroHealth may submit their company information, along with references, to careers@macrohealth.com. Your information will be kept on file and you will be contacted if your assistance is needed.
